A NEW PACING RECORD.

Robert J. Lowers All Previous Performances in Harness,

AND IS TODAY KING OF THE TURF.

The Great Son of Hartford Covers a Mile in 2.03 1/2—The Last Quarter Made in Just Thirty Seconds—An Enthusiastic Demonstration at the Finish.

FORT WAYNE, Ind., Sept. 1.—Mascot, Flying Jib and Nancy Hanks have been dethroned, and Robert J. Lowers is today king of harness horses. The great son of Hartford, driven by Ed Geers, yesterday made the fastest mile ever paced in harness, lowering the world's record of 2.04 to 2.03 1/2. In addition to three events the card yesterday contained three specials. The track was in excellent condition and the weather was warm with a light breeze, but not enough to interfere with good work. Lady Louie was the first to attempt to beat her time of 2.29 1/2, and she clipped off one-fourth of a second, making 2.25 1/2.

Then came Aliz. The immense crowd was deeply interested when Driver McDowell nodded to Starter Walker for the word, and away went the little mare at a clipping rate, and without a skip pulled in under the wire in her record time. Fantasy, 2.57 1/2, next caused enthusiasm by pulling off the half second and giving herself a new record of 2.57.

Then came the event of the day. Excitement was at fever heat when it was announced that Robert J. Lowers would appear. He came in for the word, and Starter Walker gave it. The great son of Hartford, driven by Ed Geers, started forward like an express train. On the first quarter he was in 31.1, and on the half he was in 1.01 1/2. The crowd of 3,000 people were brought to their feet in astonishment. Geers flew up a stride, and when the three-quarter post was passed in 1.54 1/2, all were certain a world's record would be broken.

Geers again let the great horse out, and as he neared the starter's stand Robert J. was as steady as a clock, and going like the wind. Geers nodded for the word, and Starter Walker gave it. TO SAVE AMERICAN LIVES.

That Is Why Captain Sumner Did Not Attack Nicaraguans.

NEW ORLEANS, Sept. 1.—The steamship Rover, just arrived from Bluefields, says the Nicaraguans feared to leave with their prisoners owing to threatened interference by the warship, and demanded a guarantee from the commander of the schooner Yulu that he would not signal the warships. Captain Sumner, of the United States steamer Columbia, advised the Yulu to sign no paper and make no promises. This delayed the matter, but after three days General Reyes, in command of the soldiery, decided to take chances and set sail. The prisoners were taken away without interference by Americans or British.

General Reyes, the Nicaraguan commander, it is since learned, was today at Bluefields. He was made an attempt at rescue was made. Captain Sumner, of the Columbia, stated afterwards that his reason for silence was a feeling that the lives of the prisoners would have been sacrificed by any act of interference, and a feeling also that no naval victory or destruction of regiments would compensate for loss of American life.

As soon as the prisoners were taken away from Bluefields Captain Sumner wrote a strong letter to Madrisse warning him that no more such acts must be committed without expectation of immediate punishment.

After telling Madrisse he would be held responsible for future misconduct the Columbia sailed to Port Limon for coal and instructions from Washington. The Marblehead returned as the Columbia was leaving, and Captain O'Neil called on Madrisse at once with similar protest and warning. Then her majesty's ship Mohawk came to port and also filed protest and reproof.

Congressman Mutchler Defeated.

MILFORD, Pa., Sept. 1.—The Democratic conference for the nomination of a candidate to succeed Howard Mutchler in congress ended its long struggle yesterday afternoon by selecting J. J. Hart, of Pike county, as the party candidate. The conference began on Wednesday morning and the first ballot developed a deadlock between Robert Klots, Joseph H. Hill, Howard Mutchler and Mr. Hart. The balloting continued without any result throughout all of Thursday, and at noon yesterday the result seemed as far away as ever. A recess was then taken until 3 o'clock, and several conferences were held in the interim. On re-assembling Mr. Mutchler's name was withdrawn and Hart nominated. Mr. Mutchler was elected to succeed his father, who died a year ago, while in congress.

Arrested for Murder Committed in 1892.

WILMINGTON, Del., Sept. 1.—Albert Stout, aged 49 years, freight agent for the Charles Warner company, was arrested yesterday on a warrant charging him with the murder of Katie Dugan, in this city, nearly two years ago. The murder was committed on the night of October, 1892, and the body was discovered next morning lying in the middle of a vacant lot in the south-western section of the city. The girl's throat was cut from ear to ear, the head having been almost severed from the body. An examination proved that the girl was in a delicate condition.

Vigilant-Satanists Race a Fizzle.

DAKNOTH, Sept. 1.—Vigilant and Satanists started yesterday in the regatta of the Royal Darts Yacht club for a prize of \$500 and a second prize of \$100. The course, a triangular one, was to be gone over four times, and was to be completed in four miles, but the wind died out, and when it became evident that neither yacht could complete the second round the race was declared off. The Vigilant was a long distance ahead when this decision was reached.

Mr. Studebaker's Denial.

INDIANAPOLIS, Sept. 1.—Mr. Clem Studebaker is greatly annoyed by the statement in the San Francisco Herald of Thursday night referring to the record of 24½ hours better, in which the name of Studebaker, the millionaire carriage maker, was coupled with hers in an unpleasant manner. Mr. Studebaker ever having known the woman.

SENSATIONAL STORY DENIED.

Report That a Detroit Lady Was Fatally Punished in an Episcopal Convent.

NEW YORK, Sept. 1.—A sensational story is published here to the effect that a Detroit woman, well known for her acts of charity, who wanted to join a sisterhood of the Protestant Episcopal church, was so severely punished at the community house on her arrival that she died shortly afterwards on her way home. Miss Cornelia L. Wain, of Detroit, arrived in this city last month with the intention of joining the St. Joseph's sisterhood, which has its house at No. 34 West Twenty-second street. She died a week ago at Niagara Falls. According to the story published she was severely punished for a slight infraction of the rules, and was placed in a cell half starved. The mother superior of the sisterhood said today:

"I received a letter from Miss Wain saying that she wanted to join our sisterhood, and that she would come on for a week to see how she liked the life. I replied saying the time was too short, and that she must stay at least two weeks before she could become a novice. When she arrived she appeared in ill health. She complained so much that I had several extra dishes prepared for her from time to time. The whole story, I believe, has been gotten up by her relatives, who, I understand, are bitterly opposed to sisterhoods."

A PERMANENT LEGATION.

It Is Believed in Washington That Mgr. Satolli Will Remain.

WASHINGTON, Sept. 1.—A reporter called at the residence of Mgr. Satolli to inquire concerning the report from Rome that at the end of this year Mgr. Satolli would return to the Vatican at the request of the pope. After a short consultation with Mgr. Satolli Dr. Papl, Mgr. Satolli's secretary, made the statement that the delegate had not yet been advised by the pope as to the matter and did not believe the report was true.

Dr. Papl said further: "Whether Mgr. Satolli be recalled or not some one will be appointed here in the office he occupies. This is now a permanent legation, which represents Pope Leo in Italy here represents the political government in diplomatic matters."

After making this important declaration Dr. Papl refused to discuss the matter further. It is the opinion here that Mgr. Satolli will not be recalled.

CROWN POINT, N.Y., Sept. 1.—Tonight express train from Montreal left the track at Port Kent near Plattsburg and was thrown down an embankment. The accident was caused by the spreading of the rails. The engine and four cars were derailed. Several persons were injured. Conductor Hall, of West Troy, had a shoulder broken. Special United States Agent Stokes, of Port Henry, cut on head and body. Thomas Jones, of Troy, badly cut. Express Agent Beresford, of Albany, badly cut about the spine. Others were more or less hurt.

Important Decision Regarding Strikes.

NEW YORK, Sept. 1.—The arbitration committee of the Province Exchange has rendered an important decision regarding strikes. Appeal was made by purchasers for cancellation of contracts because goods had not been delivered on time. In answer it was claimed that a strike had caused the delay, and delivery would be made as soon as possible. After a careful consideration the committee decided that contracts could not be broken on account of delay caused by strikes, and that time must be granted for delivery.

The Ocean Record Again Lowered.

NEW YORK, Sept. 1.—The Cunard liner Lucania, Captain McKay, which sailed from Queenstown at 12:45 p. m. Aug. 26, passed in at Sandy Hook at 5:15 last evening. She has therefore lowered the record of the steamer Campania, of the same line. The best previous western record of the Lucania was five days, twelve hours and forty-seven minutes, which was held as the record until Aug. 17 last, when the Campania made the run in five days, nine hours and twenty-nine minutes.

Preparations will be made for a most vigorous prosecution of the strike leaders.

What Will Do It?

MEDICAL writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh is proof positive that only one remedy has completely met these conditions, and that is Ely's Cream Balm. This safe and pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. Our druggists keep it.

SWEEP BY A FLOOD.

The Catastrophe That Befell a Thriving Town in Texas.

A HEAVY LOSS OF LIFE FEARED.

The Waters Came While the People Slept, and It Is Believed That Seventy-five to a Hundred Families Have Perished.

UVALDE, Tex., Sept. 1.—A terrible catastrophe befell this thriving town yesterday, and today there is mourning in many households. The calamity was entirely unexpected. The treacherous Leona river, swollen to a raging torrent by recent rains, rushed without a moment's warning down upon the town, submerging and wrecking many houses and drowning a number of people. In this arid section such destruction by the elements has never before been chronicled. It is not definitely known how many have been drowned. Among the bodies that have been identified are: Mrs. Joseph Hatch, Miss Mattie Edwards, a child of Mr. Mader and two Mexicans.

It was about 2 o'clock in the morning when the flood came. Just as the storm broke over the city a torrent of water rushed down the Leona river, overflowing the banks of that stream and flooding the lowlands on either side to a depth of several feet. The east side of the city is built on low land, and was directly in the path of this water. All the houses in this part of the town were submerged, and in the darkness and through the downpour of rain could be heard the cries of distress from the ill-fated inhabitants in their wild efforts to save themselves, and those of their families and loved ones.

There were a number of marvellous escapes, and the rescuers and the rescued performed many heroic acts. As soon as those in the higher part of the town were made aware of the terrible flood and dire consequences the work of rescuing began and was carried out as rapidly as possible in the darkness of the night.

Great apprehension is felt for the families living on the ditch south of here, where from seventy-five to a hundred families live, and as the land lies fifteen feet lower than here, it is feared they have been destroyed. One Mexican family living on the ranch of Schwartz, five miles below town, are undoubtedly lost, no vestige of the place being left. News has just reached here that three families living below town are drowned. The names have not yet been learned.

An extraordinary loss of some seconds' duration was suddenly felt during the night. At this place near the city about a quarter of a mile of heavy cracks appeared on each side of the Leona river, having appeared in a moment.

A track waivered the Southern Pacific, after waiting a short time for up to his neck, with his horse elevated above his head, succeeded in reaching his way far enough east to dismount a west-bound train and prevent its plunging into the raging river where the railroad bridge had been destroyed.

The loss to the Southern Pacific company is enormous. Fifty miles of track and many bridges having been washed away. Over 100 cars, full of material and 100 laborers left San Antonio for the scene of the wreckage last evening. The damage to the Southern Pacific extends eastward as far as seventy-five miles from this city.

A rough estimate of the loss to property in general and the railroad company will, as far as known, reach \$1,500,000.

Governor Waite Acquitted.

DENVER, Sept. 1.—At the conclusion of the hearing of the case against Governor Waite and Messrs. Armstrong and Mullins and Mrs. Dwyer, charged with intercepting a letter intended for Mrs. Likens, Governor Waite was discharged and the others held for the grand jury. It was shown that Mrs. Dwyer opened a letter addressed to the police warden, as she had a right to do, but it contained a letter addressed to Mrs. Likens, which the governor was not concerned in the matter beyond hearing the letter read.

A Thousand Japanese Perish.

HONG KONG, Sept. 1.—Fire started among some hundreds of flower boats that were moored stem to stern in the Canton river, and nearly all of the craft were destroyed. The boats were moored in fleets, and those employed on them lived on board. The fire spread so rapidly that those on board the boats had little time to make their escape. Hundreds jumped overboard and were drowned, while still greater numbers were burned to death. At least 1,000 persons perished.

A NEW PLAYERS' LEAGUE.

The Baseball Magnates May Have Formidable Opposition Next Year.

CHICAGO, Sept. 1.—A local paper says Al Johnson, backer of the old Cleveland Players' league, and a brother of Congressman Tom Johnson, is said to be engineering a scheme for another players' league, and with flattering prospects of success. He has abundant means to carry out any plans that he may attempt, and the fact that the western cities are ripe for a change will help him materially in any changes that may be suggested. Mr. Johnson will himself back the new clubs in New York and Brooklyn, and will build a park near an electric line that he owns in Brooklyn, which will be second to none in the country.

Philadelphia is anxious for a change, and several business men in that city will put money into a club. Buffalo, Providence and Pittsburgh men are ready to take hold of clubs in those cities, and Billy Barnie will handle the Baltimore end of the deal. Several Chicago men who are known to possess the capital and ability to push matters to a successful result have already taken hold of the matter, and Fred Pfeffer is said to be the man who will be secured to organize the clubs.

Johnson is said to have expressed himself as willing to put \$100,000 into the new organization, and there are several other men who would be willing to invest an equal amount. He believes in the twenty-five cent admission schedule, Sunday games and broad gage lines, and if the other cities mentioned are as ripe for a change as Chicago another year may see two clubs in this city.

The visitors are expected to swell this number to at least 40,000.

Exaggerated Reports of Forest Fires.

WILMINGTON, Pa., Sept. 1.—The reports published concerning forest fires in this section are incorrect. The only forest fires now burning in this section is in the Sinnamahoning valley, and is said to be of no consequence. The smoke that has been hanging over this city for three days past came from the Canadian and Wisconsin fires, and has nearly all cleared away.

FINANCE AND TRADE.

Slowly Returning to Normal Business Conditions.

FAVORABLE INFLUENCES AT WORK.

The Settlement of the Tariff Question Is Having Its Effect on Retarding Prosperity, Though Prices Are Tending Downward—Failures Still Few and Small.

NEW YORK, Sept. 1.—R. G. Dun & Co.'s weekly review of trade says: The activity which came with exhausted stocks and the pressure of delayed fall demands, and was increased by the removal of doubt about the tariff, has continued with heavy entries of foreign goods since the bill became a law. The gain is not yet what has been expected, and business, if good in comparison with last year, is still poor in comparison with years preceding. Presumably there has not been time to feel the full effects of the change, and a gradual gain will be more healthy and encouraging than a spasmodic rise, but the expansion of commercial loans has suddenly ceased, prices of manufactured products show weakness rather than strength, and there has been a reaction in the stock market prices of railway stocks averaging 32 cents and of trust stocks of 21 1/2 per share lower than a week ago.

Wheat moves largely, and western receipts were 5,742,777 bushels for the week, against 2,923,001 last year, and for Aug. 23, 500,000 bushels, against 15,600,000 last year, which does not fit short crop predictions. Fears of frost, the crop being late, are argued as a reason for quotations otherwise unwarranted. Cotton has declined an eighth for the week, but the year closes with every indication of a yield materially exceeding the world's maximum consumption of American, and with 1,600,000 bales of old cotton in sight.

If all the mills were running full force the situation would not promise much.

The demand for products of iron and steel has increased, but prices tend downward where any change appears, as there is not enough business yet to employ the works in operation.

Failures are still few and small. For the third week of August the reported liabilities were \$1,978,318, but for three weeks only \$8,214,470, of which \$8,845,833 were of manufacturing and \$3,884,414 of trading concerns. The average is only \$11,821 per firm failing. The failures this week have been 153 in the United States, against 850 for the same week last year, and 40 in Canada, against 29 last year.

All that's Yellow is not Cottolene

There's hardly a housekeeper in the country but has heard of Cottolene the new vegetable shortening. It is a strictly natural product; composed only of clarified cotton seed oil, thickened for convenience in use, with refined beef suet, pure and sweet. So composed,

COTTOLENE

Was bound to win, and to drive out lard from the kitchens of the world. When housekeepers wish to get rid of the unpleasant features and results of lard, they should get Cottolene, taking care that they are not given cheap imitations with vegetable names, spuriously compounded to sell in the place of Cottolene. It's easy to avoid disappointment and ensure satisfaction. Insist on having Cottolene.

STOCK AND PRODUCE MARKETS

Closing Quotations of the New York and Philadelphia Exchanges.

New York, Aug. 31.—Share speculation today was unsettled. In tone, and as a result of the transactions on the Stock Exchange prices are pretty evenly divided between declines and advances, the preponderance, if any, being towards the weak side of the market. Closing bids:

CARLISLE'S PRIVATE SECRETARY.

His Health at Once Improved by Paine's Celery Compound.

Paine's celery compound makes people well!

From the wilds of Maine to the land of golden sunsets, from Canada to the Florida reefs, rich and poor, men and women in high places, and those who serve their country, equally as well by simply being good husbands and good wives—all manner of people are being benefited by Paine's celery compound.

Many in high positions, knowing that their example is likely to be followed, and wishing that their experience may help others, have given their testimonials to the value of this greatest remedy.

Mr. H. W. Seaden, the private secretary of Hon. John G. Carlisle, Secretary of the Treasury, says:

"I have used several bottles of Paine's celery compound, and its beneficial effects were manifested in a very much improved condition of the system. Those who are overworked will find it a splendid tonic and nerve invigorator."

Mr. James A. Bryan, the city editor of the Paducah, Ky., Standard, one of the most influential newspapers in that part of the country, writing about a month previous said:

"I have used several bottles of Paine's celery compound for nervousness and general debility, and the benefits have been marked. I

consider it an invaluable remedy for nervousness and exhaustion, the result of confinement, sedentary habits, and long sustained mental and physical exertion. I take pleasure in recommending it to anybody who may be thus afflicted. This statement is made without solicitation and with no other object, than to add my testimony to that of others as to the efficacy of what I believe is a meritorious renovator of the human system."

And N. J. Dilday, one of the publishers of the same paper, says: "I was troubled with nervous attacks, coupled with sleeplessness, and tried Paine's celery compound. Two or three bottles convinced me that it is not without merit. I am well pleased with it, and consider it a valuable remedy for nervousness caused by overwork and sedentary habits. I am never without it."

Thousands of testimonials come unasked for to the proprietors of this remedy, the discovery of which by Dartmouth's greatest professor, Edward E. Phelps, M. D., LL. D., is one of the ablest achievements of recent times.

Paine's celery compound furnishes ready, sufficient, appropriate food or nervous tissues all over the body. Its ingredients represent the most fruitful years of Prof. Phelps's prac-

tical study of the nervous system in disease.

After taking Paine's celery compound the blood no longer creeps in a thin, sluggish stream, but the arteries gradually become filled with a rich, strong tide of vigorous red blood that reaches and bathes every tiny nerve and muscle fiber in the body.

Headache, neuralgia, and loss of appetite and strength cannot continue when such healthy arterial blood, full of ruddy, life giving corpuscles, and capable of quickly repairing the waste of the hard-worked nerve and brain tissues, replaces the thin, pale fluid, full of bad humors and lacking in nutritive value.

Thousands of men and women whose daily life is making severe draughts on their vitality, need Paine's celery compound.

None are too old to be helped by it; none are too young to be once benefited. It permanently cures every kind of nervous disease. It quickly brings new material to the worn out nerve centers, and removes the one cause of the many forms that nervous diseases take: Dyspepsia, sleeplessness, heart disease, rheumatism, melancholy, kidney and liver troubles. As a relief for the debilitating effects of this hot season, nothing can do so much.

DEMOCRATIC STATE CONVENTION.

The Democratic electors of the State of New York are requested to unite in sending three delegates to the State Convention to be held at Saratoga Springs, on Tuesday, Sept. 27th, 1894, at 10 o'clock, for the purpose of electing a national committee, and to transact such other business as may properly come before the convention.

A good suit of winter clothes for \$5, advertised by a Middletown clothier in another column, is a practical illustration of what Democratic tariff reform has done in cheapening the cost of the necessities of life to the American people.

Mr. Joshua Oldroyd's felt boot factory, at Howells Depot, has more orders on hand than ever before in its history. Free wool will be a great help to this factory, and its owner, though a staunch Republican, has no fears for its present or its future under the Democratic tariff.

Just before the new tariff went into effect, the large silk mill, at Hawley, Pa., was destroyed by fire; nevertheless, "ruinous and destructive" as is the Democratic tariff in the eyes of our Republican contemporaries, the work of rebuilding the Hawley silk mill is being pushed day and night. Republican editors ought to remonstrate against this sort of thing;—it is not blamed foolish, you know.

Mr. Morton is a candidate and his "bar" is already on tap. Last night, as soon as it was known that he was in the field, Walter W. Schell, of the Hawley Company, of Rinebeck, struck him for \$100. It got but \$20. A "bar" that dribbles so grudgingly will not arouse much enthusiasm among the hungry and thirsty "boys", who make Republican delegates. Mr. Morton will have to be more liberal if he really wants the nomination.

Anarchist Mowbray, disgusted with his failure to interest American workmen in his doctrines, is going back to England. He is so angry at the indifference of Americans to his lurid appeals, that language fails him when he attempts to denounce them, and he rants in John Most style, calling them fools, cowards, poltroons, serfs and slaves. Mowbray's failure was not unexpected. In this country, where every honest, industrious man has a chance, anarchy cannot thrive.

Mr. Morton's letter, announcing his willingness to run for Governor, if he can get the nomination, is to be supplemented at once by active work in his behalf by the Platt contingent in all parts of the State. The friends of other candidates profess to have no fear of the stamped to Morton which Mr. Platt expects will follow Mr. Morton's "acceptance," and several very prominent members of the Constitutional Convention when they learned of the letter, last night, ridiculed Mr. Morton's position and were agreed that the convention would have a great deal more to do with making the nomination than Mr. Morton seems to think it will.

At most, all that was hoped for by the merchants of New York, prior to the passing of the new tariff, was a fair fall trade. Now they say there is a "boom" on. All the great houses, in every line of trade, are fairly besieged by buyers from the South, the West and nearer-by States. Don't look much like "ruin," do they?

The same sort of cheering advices of returned prosperity to the country's business are coming in from every quarter. Chicago, Cincinnati, St. Louis, Philadelphia, Baltimore, New Orleans and Boston are singing the same glad song of "good times come again!"

DRIVEN TO SUICIDE BY WORRY.

Daniel R. Bonnell, One of Liberty's Wealthiest Farmers, cuts his Throat—Worried Over Litigation Threatened by Ex-Sheriff Winner.

BY UNITED PRESS.
MONTICELLO, N. Y., Sept. 1.—Daniel R. Bonnell, one of the wealthiest and most highly respected farmers of Sullivan county, cut his throat, yesterday, at his home in Liberty. Many causes led to the act. Two years ago he caused the arrest of Ex-Sheriff B. W. Winner, of Liberty, on a charge of procuring money under false pretenses and had him indicted by the grand jury. The indictment was set aside in February last, because of a legal technicality and Mr. Winner has been arranging to sue Mr. Bonnell for false arrest and malicious persecution. This had a tendency to work upon Mr. Bonnell's mind and gradually developed into melancholia.

SEIZED BY THE SHERIFF.

The Matteawan Felting Company Did Not Prosper After Removal.

BY UNITED PRESS.
EASTON, Pa., Sept. 1.—The sheriff, to-day, levied on the property of the Matteawan Felting Company, of Easton, on an execution for \$49,308.49 in favor of the trustees for the bondholders. The industry was removed to Easton from Fishkill, N. Y., a few years ago, and proved a losing venture.

THE VIGILANT WINS.

The Satanita, Far Behind, Gives Up the Race.

BY UNITED PRESS.
DARTMOUTH, Sept. 1.—The Vigilant was an easy winner in to-day's race for the Bay Club prize. At the first mark she led by over two minutes and increased her lead to such an extent that the Satanita gave up the contest and was towed home.

SIX NEGROES SHOT.

BY UNITED PRESS.
NASHVILLE, Tenn., Sept. 1.—Six negro barn burners were taken from the custody of officers at Millington, this morning, and shot to death.

OVER THE SHAWANGUNKS.

—The parties who purchased the Forest Lake property, near Livingston Manor, recently, have organized a club called the East Orange Bankers' Club.

—Adam Schwartz, of Callicoon, was recently united in marriage with Mrs. Garling, of Brooklyn. Mr. Schwartz had been a widower only two months.

—The dwelling house of the late Frank Biffar, situated on Trout Brook, about a mile below Long Pond, town of Fremont, was burned Tuesday, Aug. 28th. Fire broke out in the upper story while the family were at breakfast. Everything in the upper story was lost. Most of the furniture on the first floor was saved.

—Water is very scarce in Monticello. Many wells are dry, and the owners of those that still hold out are so fearful that they too will be exhausted that they have been compelled to forbid their general use by their neighbors who are without water. Some of the hotels and boarding houses, and some families, have had to have water for washing purposes drawn from Pleasant Lake, two miles away.

—H. Wold, the seven-year-old son of Ward Eknap, fell from the stoop of the E. R. hotel property, in Liberty, Monday evening, and, striking on stones, dislocated his jaw and received other injuries, which are of a very serious nature.

—Monticello's coaching parade, Tuesday, was a great success. The procession was two miles long, and 168 decorated wagons and a large number of horsemen were in line. It is estimated that at least 6,000 people saw the pageant.

—A young man named John Bustard was arrested in Monticello, Tuesday, on complaint of Anna Shultz, a domestic servant, who charged that while they were riding together he had got possession of her pocketbook, which contained \$15.78 and had refused to return it. Bustard did not deny having taken the money, but said he had spent it and could not return it. The girl, who seemed to have a sneaking fondness for the worthless fellow, accepted \$5 in settlement of the case.

"She Couldn't Marry Three"

It is an actual fact that an audience has been heard to laugh half a mile from the theatre during the production of "She Couldn't Marry Three."

No more exciting and thrilling sensational effects were ever used than in the production of "She Couldn't Marry Three."

A complete set of calcium lights gives an added charm to the beautiful scenery in "She Couldn't Marry Three."

—The Asyiums will play two games of base ball, Monday, with the Flushings.

To "Single Tax" Men.

SHOTS HERE AND THERE.

AN "ARGUS" MAN OFF DUTY
AIMS AT SEVERAL SUBJECTS.

Selfishness and ill breeding of passengers at Midway Park—An Intending Passenger's Very Foolish Performance.

Whenever there have been crowds at Midway Park, the rush for places in the cars, when it was time to go home, has been a shameful exhibition of selfishness and disregard for the rights of others. Men, women and children have forgotten every rule of courtesy, and in the senseless scramble for seats have elbowed, crowded and almost trampled on each other. They have even forgotten to be careful of their own safety, and in crossing the track from the station platform and crowding up close to the track on the approach of a car, have taken chances of accident that have alarmed the officers of the company, who, in order to protect people from themselves, are about to introduce a new system at Midway Park station. A fence is being erected on both sides of the track, from the bridge to beyond the station, and it is proposed to also enclose the station platform and to admit only enough to the platform to fill a car. In this way it is hoped to promote the convenience and insure the safety of the public.

People who are not used to traveling often do queer things. Agent Garrison at the Main street station tells of a recent instance. A few days ago, half an hour or more before train time, a man bought a ticket for Deckertown, asked where his train was and, Mr. Garrison having pointed it out to him, entered a car and took a seat. To make sure that he was on the right train, the intending passenger asked the brakeman as he passed through the car if that was the train for Deckertown. He was told that it was and was easy in his mind until the conductor shouted "all aboard." Then he jumped up and ran out, stepping on the platform just as the train was getting under way. Hunting up Mr. Garrison he asked: "Was that my train?" He was told that it was and then, seeming to realize the absurdity of what he had done, he muttered, "Well I must be a d— fool!" and left the station.

A TREAT FOR THE HOME CHILDREN

Given a Day of Rare Enjoyment by the Ladies' Auxiliary to the B. of L. E.

Among the many children who visited Midway Park, yesterday, it is doubtful if any enjoyed the day more than did the little ones from the Children's Home who were entertained by the Ladies' Auxiliary to the B. of L. E.

Bright, clean and keen for the day's treat the children appeared at Auxiliary rooms at 10 a. m. where, at 11:30 a. m., a generous lunch was served. At 12:30 they boarded a car for Midway Park, where three hours were given to them to see and enjoy what was offered there when they were taken to the North End and back to the Auxiliary rooms where ice cream, cake, fruit, etc., were served. At 6 p. m. they returned to the Home, tired no doubt, but happier for the day's outing.

THE FOREPAUGH SHOW.

Some of the Equine Features of the Great Exhibition.

When the first announcements by the Adam Forepaugh shows were sent out, a distinctive and novel was promised. It created a considerable amount of speculation when it was remembered how scarce such things as novelties in a circus are and how difficult they are to obtain. But the management of the shows maintain their reputation as usual, and so they will introduce to the public the first appearance in a circus of the champion jumping horse of the world. The term champion is not used in this instance without consideration for its meaning, for it is the champion filemaker, that is referred to. All horsemen know that he holds the record for the highest jumping in the world, and know also that he has never before been exhibited to the public in this manner. His record is clearing a bar 7 feet, 4 1/2 inches high with his mistress, Mme. Maratette in the saddle. It is difficult to believe that a horse can jump so high, and yet it is a fact. Filemaker is a large horse, 17 hands and 1 inch high and weighs 1,340 pounds. Mme. Maratette, who is the greatest horsewoman that ever lived, will also introduce Jupiter, a little Welsh pony who stands only 48 inches high and yet has a record of 5 feet, 7 1/2 inches high, a performance even more wonderful than that of Filemaker, everything considered. She also owns and will show at each exhibition the champion park and saddle horse of the world. Evergreen, who is said to be by far the handsomest horse ever foaled in the State of Kentucky, the birthplace of the finest horses in the world. They will be seen on Tuesday, Sept. 4th, when the Adam Forepaugh shows will be here.

DON'T LET BABY CRY.

The Fretful, Piteous Cry Shows Some thing Wrong With Food—Babies Relish Lactated Food—They Grow Fat on It.

If baby kept a diary it would be full of nothing but eating, sleeping and growing. These three things make up baby's existence.

Plenty of rich, nourishing food, taken with a relish, brings sound sleep; and babies grow most rapidly during sleep.

When a child cries piteously, as if some terrible pains were convulsing his whole tender little form; when the mother fails to soothe it either by lullaby or plaything, when perfectly distracted she runs to the doctor she is generally astonished by the simple statement which the doctor

HENRY HEWITT YAGER.

makes her, that the sole cause of this trouble lies either in the bad food the baby had received or in the want of nourishment, which is rapidly impairing his constitution.

Then she feeds the infant with the good lactated food, and her fears disappear in the happy smiles of the baby.

Thousands of mothers know by experience that lactated food surely prevents cholera infantum and other summer disorders of a like character, and in hundreds of cases it has cured the severest attacks of these diseases. It is not safe to be without lactated food in the house.

Babies that are not gaining in weight, as their mothers wish, and who show too little animation and interest in things about them soon gain a liveliness and zest for living when fed with this splendid nutriment. They gradually cry less and less; their sleep becomes sound by night, and by day they are bright and noisy and happy.

Such is the great difference between babies that are nourished by lactated food and those that are poorly, because improperly, fed.

There is no parent in the land but can read the following letter with profit. It is from L. D. Yager, a well known lawyer in Alton, Ill., and tells how his brother's child became the stout, sturdy youngster whose portrait is shown above. He writes: "My baby nephew, Henry Hewitt Yager, was born Jan. 17, 1892. Of that event he might quote Richard III by saying, 'Seated before my time into this breathing world, scarce half made up.' At birth he weighed three pounds, and there were few who thought he could live. The mother was unable to nurse him and this made the case all the more complicated. Sterilized milk was used, likewise goat's milk, and three or four kinds of baby food, but all to no advantage.

"In July it seemed a hopeless case but luckily on the thirteenth of that month a package of lactated food was procured which acted like a charm and he picked up right away. Before using the food the skin was wrinkled on his hands, and he was a frail, sickly little body. The picture I send you was taken in October, 1893, when the baby was 8 1/2 months old. He had used lactated food for something like 10 weeks, and there is no need to comment on his condition. The picture will show for itself. He still uses the food, and there is one thing certain,--lactated saved his life.

THE ELECTRIC ROAD.

The Asylum Branch Constructed as Far as Lake Avenue and Cars Will Run To-morrow.

The Traction Company has made very rapid progress in the construction of the track of the Asylum line, which is completed as far as Lake avenue. The poles are also set and the trolley wire laid along the street, and the line men are busily at work and expect to have the connections made before night.

It is possible a trial trip over the line will be made, to-night, and barring accidents, cars will be running regularly over that branch of the road, to-morrow.

A Good Appetite.

Always accompanies good health, and an absence of appetite is an indication of something wrong. The universal testimony given by those who have used H. D.'s Sarsaparilla as to its merits in restoring the appetite, and as a purifier of the blood, constitutes the strongest recommendation that can be urged for any medicine.

NEW TO-DAY.

IN answer to the question frequently asked me, "To whom do you advise me to go for instruction in singing?" I would say, I know of no one in this section better qualified to teach voice culture than Chas. H. Fuller, and I heartily recommend him to those desiring instruction in the art of singing.

For terms, etc., write or call at Middletown Music Store.

WHERE TO LOCATE.

There is no need of a spy glass to see that the southern part of this city must build up in the very near future. It is the only section adapted by nature for manufacturing purposes. The Hogan Boiler Works will become the greatest manufacturing business of the kind in the world. A new glass works and a brass foundry will commence operations this fall. Just as sure as rivers flow toward the sea, so sure will the great manufacturing centers be certain to come to Middletown locate in that section of our city. The workmen must have homes near their work. Why not invest a few dollars now? Be sure and attend the auction sale of real estate on Monday, (Labor Day) whether you buy or not, see advertisement in another column. 319,30,31

INSTRUCTION IN MUSIC

Commencing first week in Sept. The study of voice development involves a far more important fact than correct singing, requiring a correct use of the lungs and throat, on which very many cases, one's health depends. The practice of singing correctly is calculated to bring about the healthy action and development of muscles which other people would have lain dormant, and the breathing exercises are of incalculable value to those inclined to pulmonary weakness. Write us or call at Middletown Music Store and have time assigned you for a trial lesson, free.
